

# EASYCare Deep Clean

For cleaning stone, decking, tiles and PVC frames

**5 Litre ready to use.**

EASYCare Deep Clean is a powerful and effective, non-acidic degreasing cleaner. Deep Clean will remove stubborn greasy stains and soiling. Heavy duty cleaning of stone, decking, tiles, and cementitious grout. Ideal for bringing white PVC conservatories and window frames back to a new look. The unique formulation continues to work for weeks after use so the surface can stay cleaner for longer. Deep Clean is also suitable for the removal of over-applied water-based sealers.

### Features & Benefits

- Ready-to use formula-no mixing or diluting required
- Fast and effective
- Contains no acid-safe to use on surfaces
- Easy to use

### APPLICATION TYPES DEPENDING ON USAGE:

SHAKE WELL BEFORE USE

#### • USE AS A CLEANER

- Powerful and effective degreasing cleaner • For use on concrete, stone, marble, granite, terracotta, tiling, paving, PVC, timber decking.
- Does not alter the appearance of natural stone, granite, marble etc.
- Fast acting • Low odour • Concentrated • Biodegradable • Removes organic soiling from drives and patios • Continues to work for weeks after use so the surface can stay cleaner for longer.

Can be used neat on heavy contamination or can be diluted by adding 1 part product with up to 10 parts water depending on the staining to be removed. Using a spray or brush apply the Deep Clean liberally and allow to act for 1-2 minutes for lightly soiled surfaces, or 5-10 minutes for heavily soiled surfaces. For removing deep penetrating lubricating oil and stains, it may be necessary to apply the product twice allowing 10 minutes between applications. Agitate with a firm bristle brush and rinse down thoroughly with clean water. For best results on drives, patios and block paving use a pressure washer when rinsing.

#### USE AS A SEALER REMOVER - USE NEAT AS SUPPLIED

- Deep Clean can be used to remove over-applications of water-based sealers such as EASYSeal SSP, Ultimate, Sandstone and Slate & Limestone. This will only remove surface product and not that which has been absorbed. Using a spray or brush apply the Deep Clean liberally and allow to act for 15-20 minutes. Scrub vigorously with a firm bristle brush and leave a further 10 minutes. Rinse down thoroughly with clean water. Repeat the application as required.

### Coverage

- Up to 25m<sup>2</sup> depending on porosity of surface

### Precautions

**ALWAYS WEAR SUITABLE PPE**

**ALWAYS TEST A SMALL HIDDEN AREA BEFORE USE TO ENSURE COMPATIBILITY BEFORE CLEANING THE WHOLE AREA**

Keep children and pets/animals away until cleaning process is complete and surface is dry. Ideal operating temperature between 10°C and 20°C. Do not apply in damp/wet conditions. Do not apply during frost or when temperature is below 5°C. Do not use on aluminium or marking may occur; keep away from shrubs, grass, and plants.

### Cleaning of Equipment

Remove as much excess product as possible and clean tools and equipment immediately after use with soapy water.

### Storage

24 months from original date of manufacture in original unopened container. Keep out of reach of children. Keep in a dry place between 5°C and 30°C in the original container.

### Important / Limitations

Do not use on aluminium or marking may occur; keep away from shrubs, grass, and plants. Do not use below 5°C

### Health & Safety
