Krud Kutter Gloss Off 750ml Spray

---

**QUICKLY CLEANS & DEGLOSSES WITHOUT SANDING - CAN BE COATED AFTER ONLY 10 MINUTES!**

Spray-on, wipe-off formula is specially designed to prepare high gloss & other hard-to-stick-to surfaces for repainting or refinishing. Helps new paint & varnish bond to old finishes. Use on all paints, varnish & lacquer. Krud Kutter® Gloss Off also removes dirt, grease and grime prior to painting and is a great alternative to Sugar Soap.

- Cleans & deglosses without sanding
- Increases paint adhesion
- No rinse, one step formula
- Interior or exterior use.

**DIRECTIONS FOR USE:** Always wear suitable personal protective equipment; gloves & eye protection. Spray Krud Kutter® Gloss Off directly onto the surface, use a coarse, lint-free cloth/sponge and work the solution into the surface in a circular motion. Leave to work for a few minutes then wipe off with a clean cloth, turning the cloth often to avoid smears. When the clean, deglossed surface is dry to the touch (usually about 10 minutes), the new finish can be applied.

Krud Kutter® Gloss Off may be coated over after 10 minutes (clean the surface today, recoat even a week later).

**LIMITATIONS:** DO NOT USE on porous surfaces. Always test first on surfaces not to be refinished, as it will degloss most surfaces. This product may mark metal, always test on an inconspicuous area first.
