

## **EASYCare** **Wood Revive**

Restores hard and soft wood surfaces with ease

### **3 litre ready-to-use bottle** **750ml ready-to-use trigger spray**

Wood Revive is a ready-to-use solution that refreshes and restores softwood and hardwood to their natural tone, removing the silvering caused by UV rays and weathering.

Once treated, the surface can be over-coated and re-finished.

Wood Revive is suitable for use on both smooth and rough sawn wood.

#### **Features & Benefits**

- Removes greying caused by UV rays and weathering
- Restores wood to its natural tones
- Ideal for use on windows, sheds, fences, decking and all outdoor wooden furniture
- Quick, safe and easy to use
- Suitable for hardwood and softwood surfaces
- Surfaces can be over-coated and re-finished

#### **APPLICATION - ALWAYS WEAR SUITABLE PPE**

- SHAKE THE CONTAINER FOR 30 SECONDS BEFORE EACH USE
- USE NEAT AS SUPPLIED
- Before application, dampen wood (not wet)
- Apply generously by spray or brush
- If the product dries, re-hydrate with Wood Revive
- Leave to work for up to 30 minutes
- Agitate with a stiff brush and running water
- Rinse wood thoroughly to remove any remaining residue. To revive further repeat the above process once the surface is dry
- Apply wood protection as soon as possible to avoid reoccurrence of silvering

#### **Precautions**

- **Always test on a small hidden portion of the surface to be cleaned to check compatibility and performance before commencing on the whole area**
- Brush away leaves/debris and remove surface coatings before treating
- For use on clean bare wood only. Use Azpects Sealer Remover to remove any sealers/paint from the surface or Azpects Grease & Oil Away+ to remove any oil staining
- Do not use a high pressure power washer on soft or rotten wood
- Keep children and pets/animals away until cleaning is complete and surface is dry
- Do not apply in direct sunlight
- Do not allow to come into contact with plants/shrubs or materials containing calcium carbonate e.g. limestone/marble as damage may occur
- Avoid contact with metal fixings as discoloration/damage may occur. If contact with metal fixings does occur remove immediately with water using a damp cloth
- Clean tools and other equipment with warm soapy water immediately after use

#### **Storage**

- Store and use between 5°C and 25°C in the original container
- Keep out of direct sunlight and protect from frost
- Keep out of reach of children

#### **Health & Safety**

- Do not get in eyes, on skin, or on clothing
- Do not breathe spray or fumes
- Wash hands thoroughly after handling
- **IF ON SKIN:** Gently wash with plenty of soap and water. Take off contaminated clothing and wash before reuse. If skin irritation or rash occurs seek medical advice/attention
- **IF IN EYES:** Bathe the eye with running water for 15 minutes. Promptly wash eyes with plenty of water while lifting the eye lids. Continue to rinse for at least 15 minutes and get medical attention. Remove contact lenses if possible and safe to do so
- **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Wash out mouth with water. If conscious, give half a litre of water to drink immediately. Transfer to hospital as soon as possible
- **IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. If feeling unwell, call for medical assistance
